**1. How much of your time when you're not drinking is occupied by ideas, thoughts, impulses or images related to drinking?**

Answer: Less than 1 hour a day

**2. How frequently do these thoughts occur?**

Answer: No more than 8 times a day

**3. How much do these ideas, thoughts, impulses or images related to drinking interfere with your social or work (or role) functioning? Is there anything you don't or can't do because of them? [If you are not currently working, how much of your performance would be affected if you were working]**

Answer: Thoughts of drinking never interfere -- I can function normally.

**4. How much distress or disturbance do these ideas, thoughts, impulses, or images related to drinking cause you when you're not drinking?**

Answer: None

**5. How much of an effort do you make to resist these thoughts or try to disregard or turn your attention away from these thoughts as they enter your mind when you're not drinking? (Rate your effort made to resist these thoughts, not your success or failure in actually controlling them.)**

Answer: My thoughts are so minimal, I don't need to actively resist. If I have thoughts, I make an effort to always resist.

**6. How successful are you in stopping or diverting these thoughts when you're not drinking?**

Answer: I am completely successful in stopping or diverting such thoughts.

**7. How many drinks do you drink each day?**

Answer: 8 or more drinks per day

**8. How many days each week do you drink?**

Answer: 6 - 7 days per week

**9. How much does your drinking interfere with your work functioning? Is there anything that you don't or can't do because of your drinking? (If you are not currently working, how much of your performance would be affected if you were working?)**

Answer: Drinking never interferes - I can function normally.

**10. How much does your drinking interfere with your social functioning? Is there anything that you don't or can't do because of your drinking?**

Answer: Drinking never interferes - I can function normally.

**11. If you were prevented from drinking alcohol when you desired a drink, how anxious or upset would you become?**

Answer: I would not experience any anxiety or irritation.

**12. How much of an effort do you make to resist consumption of alcoholic beverages? (Only rate your effort to resist, not your success or failure in actually controlling the drinking).**

Answer: My drinking is so minimal, I don't need to actively resist. If I drink, I make an effort to always resist.

**13. How strong is the drive to consume alcoholic beverages?**

Answer: Some pressure to drink

**14. How much control do you have over the drinking?**

Answer: I am usually able to exercise voluntary control over it.
